Dear Katrina,

I am writing to ask you if you would like to come and stay with my family here in Paris. We live in a pretty suburb, and my school is nearby. If you come we can go into the centre of Paris and do some sightseeing, as well as spending some time in my neighbourhood, which has a big outdoor swimming pool and a large shopping centre.

It would suit us best if you could come in August. If you say yes, my mother will write to your mother about details - it would be nice if you could stay about two weeks. I would be so happy if you could come.

Love from

Florence

Dear Mrs Harrison,

It was good of you to invite Jane to go to Italy with you. She really is fond of Freda and is very excited at the thought of the holiday.

The dates you suggest would suit us perfectly. Could you let me know how much spending money you think Jane will need? Also, are there any special clothes she should bring?

Yours sincerely,

Lisa Holland

Dear Mr and Mrs Newlands,

Thank you very much once again for taking me on holiday with you. I enjoyed myself very much indeed, especially seeing so many new places and trying so many delicious kinds of food.

My mum says I can invite Rachel for next year, when we shall probably go to Majorca. She will be writing to you about this.

Love from

Hazel

Dear Malek and Lea,

Thanks for your postcard - great news that you'll be home in June. Will you have some leave then? Anne and I were thinking of spending a couple of weeks in Provence in July, and wondered if you'd like to come with us? We could rent a house together.

If you'd like to come, let us know as soon as possible and we can sort out dates and other details. Hope you'll say yes! I'm quite happy to make all the arrangements.

Lots of love from us both,

Mukesb
